

Philips
Mini Vac

3.6V

FC6140/01

Longer-lasting Nickel-Metal hydride battery power

Cyclonic airflow and 2-stage filtration system

One-step click-off nozzle

Looped handle ensures optimum grip

Slim charging base (for wall or table)

The Mini Vac for a healthy home

NiMh power, cyclonic filtration, easy to empty

The new Philips FC6140 Mini Vac has 3 longer-lasting powerful Nickel-Metal hydride batteries. The cyclonic airflow and 2-stage filtration system guarantee lasting performance. With one click the nozzle is removed for easy emptying.

High NiMh power guaranteed

- Longer-lasting Nickel-Metal hydride battery power

Optimal filtration

- Cyclonic airflow and 2-stage filtration system

Easy to empty

- One-step click-off nozzle

Comfortable grip

- Looped handle ensures optimum grip

Always at hand

- Slim charging base (for wall or table)

PHILIPS
sense and simplicity

Specifications

General specifications

- **Voltage:** 3.6 V
- **Runtime:** 9 minute(s)
- **Input power:** 45 W
- **Suction power (max):** 8 W
- **Airflow:** 620 l/min
- **Vacuum:** 2.7 kPa
- **Dirt capacity dry:** 0.5 l
- **Filter:** 2-stage cyclonic action
- Charging indication
- **Charging time:** 16-18 hour(s)
- **Noise Level L_c IEC:** 75 dB
- **Weight:** 1.3 kg

Accessories

- Charging base
- Crevice tool
- Brush tool

Design

- **Colour(s):** Comfort White
- Soft touch handle

Weight and dimensions

- **F-box dimensions:** 460 x 160 x 160 mm
- **A-box dimensions (L x W x H):** 508 x 335 x 490 mm
- **Appliances per A box:** 6

Product highlights

Longer-lasting Nickel-Metal hydride battery power

The powerful longer-lasting Nickel-Metal hydride (NiMh) batteries* of the Philip Mini Vac do not cope with memory effect. This effect reduces the capacity of the battery over time, reducing the runtime. This Mini Vac with NiMH batteries therefore has longer-lasting power versus products with the standard Nickel-Cadmium (NiCd) batteries that do have memory effect.

Cyclonic airflow and 2-stage filtration system

The Philips Mini Vac's cyclonic airflow keeps the dirt inside rotating to ensure optimal, high suction power and lasting cleaning performance. And its 2-stage filtration system ensures that, once inside, the dirt cannot escape. The first filter blocks most dirt, while the pleated, second filter traps the finer dust particles.

One-step click-off nozzle

The Philips Mini Vac has a nozzle that easily clicks off in just one step. You can empty the Mini Vac with no need to touch the dirt.

Looped handle ensures optimum grip

The Philips Mini Vac has a looped handle that ensures optimum grip. You can grab the Mini Vac in any way you like. The soft rubber coating feels gentle and gives the firm grip you need.

Slim charging base (for wall or table)

You can store the Philips Mini Vac on a convenient charging base, mounted on a wall or placed on a table. This means the Mini Vac, with its powerful rechargeable battery, is always ready when you are.

Brush tool and crevice tool

The Philips Mini Vac comes with a number of accessories to tackle any job with ease. The soft brush attachment is gentle on delicate surfaces and the crevice tool lets you clean even those awkward, hard-to-reach places.
